Education

September 2015-present:	Bachelor Of Computer Science, **Free University**, Tbilisi

Work Experience

September 2019 - present	**Junior Analyst/Developer at Bank Of georgia**
	Bank of Georgia is the largest commercial bank in Georgia.
	mBank is the app offering individual mobile banking service to customers with over 1M+ installs, 704K+ monthly and 241K+ daily active users (Sep 2020).
	Apart from working on small patches and updates, I've worked on the following larger subjects so far:
	• Implemented Digital Card ordering and detail retrieval in mBank.
	• Implemented CreditInfo checking module in mBank.
	• Implemented remote client operation confirmation in mBank.
	• Took a part in migrating mBank to the new Biometric API.
April 2019 - August 2019	**Junior Android Developer at Wandio**
	Was a junior developer for the Cashback 365 Android app for Liberty Bank
July 2018 - October 2018	**Intern Java Developer at FINA LLC**
March 2017 - August 2017	**Teaching Assistant at Free University of Tbilisi**
October 2017 - January 2018	*Teaching Computer Science*
March 2018 - August 2018	Picked by the teacher, after being at the top of the class, section leaders are responsible for grading programming homework of 10-15 students (functionality, efficiency, code styling and documenting), explaining their mistakes and providing consultations if necessary.
